“ Damn Logan, I can't believe this. My soul is so empty now. We last spoke May 10th, Mother's Day, I never thought that would be the last time we spoke. You were the best friend I have ever had, despite the time and distance that separated us since Memphis. There's a hole now in my heart that can never be filled. You'll be missed bro but never forgotten. PLUR grub

“ Forever in our hearts.
Logan had a huge heart, loved deeply and a smile that would light up a room.
Once in a while someone comes into your life and it's like they've always been there.
Logan, you were that someone.
Gina and her "Bear" together forever.
If only our love had been enough.
I miss you.

“ Doug and Dougie, Our sincere condolences to you and yours.

Logan was a very special person. Many years ago (1992?) Logan was with Gina at our son's graduation in Wisconsin. Logan took an interest in his "Uncle Mark" and rarely left his side. Logan talked the entire way to the store and back again. Such an expressive child. He had long talks with Uncle Mark during Laurie's funeral and the few days after. So much potential!

Our entire family will miss this man.

“ You were a light in my life when I couldn't find my way. I wish I could've helped you find yours more recently. I know you're no longer hurting and longing for peace. You'll forever have a piece of my heart. I love you T-Rex. You're my weirdo.

“ Logun was such a good soul. We have so many memories that I'll always cherish. All of the laughs we shared at geckos, late night hookah lounge trips, the good food, adopting Xena. He loved my son and was a light to my boyfriend and I in our darkest times. Missing you always Rex jewels & tyler & kai
