“ I have such wonderful memories of the years Velton and I traveled on union business. He was the ultimate gentleman- holding doors open, introducing me to family. In general being thoughtful and the gentleman his parents raised him to be. Always talking about his girls. So sorry he's no longer with us. His memory will linger on. Noreen Klang

“ Richa, Ashley, Kalen , Aunt Nell, Uncle Kelly, Jenna , Jason, and family, please accept our deepest condolences at this time. What can I say about Velton that everyone in his life doesn't already know? I first met him at Mary Persons where he was coaching our football team, and was known as “ Coach Caan” ( he kinda resembled the actor James Caan, his curly hair maybe?) , then he married Richa and became an important part of our family, always a smile on his face, making you feel like you were the only person in the world when he talked to you. I think of all the lives he influenced as being a lifelong educator, and I'm sure that number has to be in the thousands . I cannot imagine him being anything other than that, being a positive role model to his students. He was patient, loving, understanding , generous.... all the things that I want to be myself. I feel lucky to have known him. There will be a huge hole in the hearts and lives of all who knew him. May Our Lord Jesus Christ help you all through the toughest of times. God bless you all.

“ Velton (Mr. Hodges)

- His smile always lit up a room and would instantly make you feel like family.
- He cared about what you had to say and made you feel special in every interaction with him.
- A contagious laugh, which you would recognize a mile away, and would warm your heart to hear.
- His daughters and wife were his everything and he would do absolutely anything for them.
- Raised incredible daughters with Richa who are some of the sweetest, kindest, and smartest individuals you will ever meet.

These are just a few words to describe him. He embodied so much more. We will never forget him, as he will always live on in our hearts forever.

We miss you so much already, Melissa Silverman

“ Velton has been there for me and my family when I came down with severe pancreatitis. He took the burden off of my wife so she can tend to me and my needs at the time. Velton would give the shirt off his back at any time. You just ask and he'll be there in a heart beat. RIP my dear friend. God bless you and your family.

“ I am so deeply sorry for your family’s loss. Mr. Hodges was such a loving and generous man. His laugh and kindness was easily spread because he brought joy with him everywhere. I immediately fell in love with Kalen as a friend. Meeting her parents made perfect since why she is such a good person. Over the years, my family has had the blessing of spending time with Mr. Hodges. His encouragement and words of wisdom have been so meaningful. He was always so supportive of our family and my husbands time in the military, which meant a lot to us during times of separation. Mama Richa and He had such a loving and fun marriage. They were a testimony of true love and friendship and the importance of that bond. Kalen and Ashley could not be better people and I’m so honored to know and love them. I pray that you all be comforted in the moments to come with the knowledge of Christ’s love for you. We are praying for you all. I know that his legacy will be honored through all of our lives as we love one another and our community, in word and deed. God bless you all. With everything, Joshua and Leah Martinez and children.
