“ *Staci and George came to work with our Real Estate firm in the mid 2000's. They were the sweetest couple and we are grateful to have known them and shared some time together. Staci was an absolute sweet person. We will miss her and we wish the family all the joy and peace and happy memories together that you shares.*

“ *Theia Staci, you brought so much joy to my life, words cannot begin to express how much so. You cared for me and showed me how to have fun and live life at an early age. Dancing was only a part of it, but that lives on in me too because of you and Yiayia, just ask my grandkids! Although you never met them in person, they know exactly who you are and just how valuable you were to me. You valued me for who I was, not where I came from. This is something that you cannot buy in life. You displayed happiness in so many ways throughout my life and then your life was gone way too soon. I miss you and can't wait for that day when we will all be together again soon. (Dancing and singing in Greece!)
You played the part of my second mother and you played that part well. Thank you for everything that you gave me in life along the way. I could never repay you, but I will continue to tell my grandkids, and their kids, just how wonderful a person you were, because I have many, many examples and pictures displaying that! You made it Theia Staci! Opa! You're there with the angels! Please give my best to Uncle Ronnie, Pappou, Yiayia, Mom, Dad, Jojo and the extended family as well. xoxoxo Tina*

“ Apple tree I miss you so much but when I think of you mom, my face lifts with joy, my heart fills with your spirit, my smile becomes contagious, and I see your reflection in my little sister. I am honored to have ventured out on your bucket list with you, Tara, and Ralph this past year. Most of all I am proud to say I am your daughter, and your apple 🍏. She was my best friend in Wilton for many years and I will miss her dearly.

I was Town Clerk for over 10 years and made her my Deputy Town Clerk then she went on to be the Tax Collection. Our children enjoyed playing together and Staci and I had loads of fun together

When Dick and I moved to Port Charlotte we still stayed in touch and she she moved to Sarasota continued to keep in touch until the end. I thank her daughters for letting me know when she died. She is at peace now. Love Maryjane Parry

My deepest condolences on the loss of this lovely lady. I met Staci in Saratoga Springs and did one of my first real estate transactions with her in the early 1990's. She was a pleasure to work with. She always had time to stop and chat when I visited her office with flyers. I hope that you, her family and friends, can take some comfort in your loving memories of a life well lived.

Tara,

I really enjoyed hanging with your great mother on the Bahamas cruise back in the day. She was a joy to be around and the mother-daughter bond on display was so evident! I am so sorry for your loss. Just know you have friends everywhere who are lifting you and your family up!
