“ John, Patty, Jay, Lilly and Rose: Ann Hurst was one of my favorite ladies in this whole world! She had a huge heart, love to share, sound advice, and supporting spirit. I wish you granddaughters could have heard how much she talked about you! And Patty, I can't tell you how many times she would say, "My Patty".... Yes, she was firm, but I like the term "no-nonsense", with a touch of humor included! We will miss her, but have faith that she is in a better place! Memories are a balm for the soul! I love you, John!
