

Betsy Zeino

June 18, 2021

Betsy Zeino, 62, of Longboat Key, FL, died on Thursday, June 18, 2021.

Betsy will always be the much-beloved wife of George Zeino of 22 years. She was the youngest daughter of Charles R. and Barbara W. Boyce, (deceased). The wonderful sister of Debbie (Michael) Cave, Donna (Mell) Fuller and Charles (Bonnie) Boyce, sister-in-law of Layla (George) Baladi and Solong Zeino, loving aunt of Joseph Baladi and Zena (Mike) Fields, Matthew (Jessie, and their daughters Madison and Kinley) and Alex (Jessa, and their son Owen) Fuller, Christin (Jeff, and their sons Ethan and Grant) Leinbach and Hayley Cave, John and Thomas Pardo and their siblings, Caitlin and Charles Boyce III. As well as her loving aunt Margaret Watts of Westboro, MA and her daughter, Kim(Gary), and the Maine cousins: Jodi(Tim), Judi(Richard), Jimmy(Gina) and Donald(Kate) and their families.

Betsy spent most of her career in Retail Management; working her way up the ranks over 18 years to become a Director of Stores at Macy's and locally at Bealls, until her eventual retirement. She left a lasting legacy wherever she lived and worked, including Louisville, KY., Columbus, OH, Houston, TX (twice), Atlanta, GA, St. Louis, MO, and San Francisco, CA, where she retired from Macy's. Betsy's last move was to Longboat Key, FL where she continued working for Bealls, as Director of Stores, until her illness forced her final retirement.

Betsy had a passion and talent for people, hundreds have reached out to share fond memories of her work ethic, her leadership through positivity and most importantly of the value of her enduring friendship and love. We will miss Betsy's ever-present smile, unwavering positivity, legendary generosity and the palpable energy of her caring.

In lieu of flowers and in appreciation for the excellent care Betsy received from Dr. Richard Brown and Dr. Judy Wang and the team of their associates, whom she challenged at every juncture to provide her with the highest level of support medicine could offer, please consider a donation to support the Jellison Cancer Institute, Medical Director's Fund, (C/O Sarasota Memorial Healthcare Foundation).

A family celebration of her life will take place in Vermont, at a later date, and private burial will be in Waterbury, VT.

Although I had often communicated with Betsy via email, I had never seen her nor even spoken with her until a personal family trip to SF. On the day I visited the regional office in the Union Square store with my son, a very friendly lady answered the door. I gave her my name and asked her if she could direct me to Betsy's office. I must have missed the twinkle in her eye when she turned around and led me down the hallway. When I learned that she was Betsy, I felt suitably silly. But I appreciated that she took more than one hour out of her busy day to sit and talk with me and my son. She was a special lady and I was very sorry to learn of her passing. Condolences and prayers to her family. Rest In Peace, Betsy.

Business Leader, Strategic Planning, Merchant Buying and Planning lead, Assortment Planning, Analytical, Culture Change leader, team engagement leader. Former VP/DBM, Divisional Business Manager at Macy's RTW.

I heard this terrible news and am saddened like everyone else. Betsy cared about people and helping people be better. With that I was a former GVP/Divisional Director of Merchandise Planning at Macy's when I got to know Betsy. We met informally as she was SF based and I was NYC, on one conference call I was hosting I responded to a question asked by someone and didn't realize how my response came off. Following this call Betsy reached out to me as she was on the call and wanted to give feedback and perspective related to the 'response'. I very much appreciated her doing this as we didn't know each other well, more so, her manor of delivery was so kind and I knew she meant well. After this conversation she became my defacto mentor going forward. This was Betsy, caring, giving, sincere and simply a person committed to help others.

Dianna Wilson

Showroom Manager at Raymour and Flanigan

In 2000 I was a brand new and very young Sales Manager for Lazarus (now Macy's in Mansfield, OH). Betsy was my District Manager. She had been the Store Manager at the Oxmoor store in Louisville, KY where I shopped growing up, so we both had a fondness for that store and my hometown. She shared stories of her first big assignment there and how much that store meant to her. She was bright, driven and so amazing at developing talent. I worked for Lazarus/Macy's for 19 years and sent her a letter thanking her for seeing talent in me and assisting in my career pathing. She was one of the select few in my entire career that I held to such high regard. I am so sad to hear of her passing. I send prayers to her family and loved ones and may she rest in peace 🙏

“ Compared to most, I knew Betsy for a split second. A moment in time; but she had a lasting impact on me. I met her for dinner one evening as she layed out all the reasons I needed to come work for her. There was a true spiritual connection and she was one of the forces that helped catapult my career in retail management. I was devastated when I found out she would be moving but she kept in touch with me! Someone she's known for a second. Life on this side is so temporary and I thank God that I had the chance to meet her. She did life right and I'm sure she's hearing Well done, my good and faithful servant. I prayed for her the day she had her surgery. I prayed for her the San way I asked God to heal my newborn twins two years ago. God does answer prayer and sometimes he heals them by bringing them home. Sucks for us but it's great for them! Can't wait to get to Heaven to spend eternity with Him abs all the magical souls like that of Betsy Zeino.

“ I met Betsy Zeino in Columbus I at the time worked 4 Lazarus, I can't remember her title however it didn't matter she didn't operate that way.. She was a women full of integrity and grace who stood for everything that was right.. When she walked in the room you knew greatness arrived. She was didn't just tell you what 2 do she was a Teacher she rolled up her sleeves & worked along side of us she was Stern but fair..

I still hv a note she wrote 2 me when my Mom died & the planter she sent is still growing..

We have mutual friends & I was saddened 2 hear of her illness & now Devastated 2 hear of her passing.. The world is a better place because she walked in it..

“ Betsy was an amazingly beautiful soul. She touched everyone she met. Two things that I will always remember about Betsy is how she got to know her teams as humans, and not just employees. She knew our families, our kids, our lives. And in store visits, she talked to EVERYONE. Her authenticity as a human cut through everything she did. Her light is not gone... it is now spread by all those she touched.

“ There are no words to describe a loss such as this for all who were lucky enough to know Betsy. She was the person who was always there when you needed someone. Her smile, her laugh, her encouragement, support, generosity and her never ending love are just a few of the reasons so many people loved her. Yes she was my cousins, but we used to laugh and call ourselves sisters from our mother’s sisters. She was such a huge support to me during my colon surgeries. She literally checked on me every day for weeks after each one. I so looked forward to those calls. Words from a song keep coming to me...”she’s an angel of the first degree”. She was the brightest of angels here on earth and I am so grateful for my time with her. I love you Betsy and I always will. Sending my love to George who she loved so much. She used to say every time we talked how grateful she was for him and how incredible he was taking care of her. I also loved watching them interact, they’d have you chuckling in no time. So many wonderful memories and I will carry them and her love with me always.

“ When Betsy was my store manager at the Savannah Mall J.B. White’s store in the early 90s, we had a management retreat on Hilton Head Island. I don’t remember if it was her idea or mine, but we tried to organize morning beach runs for all the retreat participants. Only she and I showed up on the beach the next morning. Those few morning runs we did, when I think of interactions with other bosses through my working life, were a unique and most positive experience.

“Betsy was a shining light in my life. She was my boss for many years, and every time she visited my store she challenged me to be a better manager. When she left I always felt appreciated, uplifted and I was determined to be the best manager possible! She encouraged me to put my family first, despite her high expectations of me toward my job. I will never forget her bright smile and “love you, mean it”! Rest In Peace Betsy.

“Betsy...your smile, your energy, your infectious laugh and wonderful sense of humor are going to be missed by so many. I will think of you often and relive those crazy years when we grew up (ok, maybe raised hell!) on the lake in VT. Love you so cousin. Hugs and lots of love, Kim oxoxoxo

“There’s so much you can say about Betsy. She was a friend, a colleague and an example of a great leader. I remember Betsy in many positive ways-with a big smile and a great sense of humor, always great with a story. She will be missed. Love and prayers to George and the family. God bless.

“ *Betsy was one of the first executives I had the chance to meet at Macy's South. She was one of the 5 interviews I had that day and I will never forget her. She was a true inspiration to those that were lucky enough to get to know her or work with her. She touched the lives of so many people. R.I.P. Friend.*
