“ One of many favorite memories was when we both worked at Kansas City Royals AAA and the team had left so while cleaning the rooms one of the trainers room had a case of soda & a case of beer. So knowing how nice they were to us we thought they left it for us, so we took those down to the ladies bathroom to take home. A little while later the office called us & said there was a new trainer that had just came into that room. As shocked as we were we were very sneaky to put thos items back into the room without anyone seeing us which made us crack up & we looked just like Lucy & Ethel on a caper. OMG How we laughed so hard that day. Alot of fun working there. Blessed to have some wonderful experiences & memories with her & the family. Love you all

“ When walking into a room where Carroll was present was like walking into sunshine. It felt uplifting and warm. She had a way of making everyone feel loved and valued. Family gatherings were filled with so much love. Carroll made an impact on everyone she met. I hope to honor her by being more like Carroll, a beautiful soul.

May she rest in peace 🌸
