“ First met Dan working at the Durham York facility in Ontario. Before we ever met, everyone kept asking if I was Dan Redgate's brother. It really caught my interest. I guess the resemblance was uncanny. We were also both big fans of bourbon. Just back in June I was speaking with him about meeting up in Key West in July while on vacation. It was an honor and a pleasure to meet you, and get to know you Dan.

“ Dan was one of the finest people that I ever met. Vibrant, generous, smart, well-experienced, family-loving, energetic, well liked by his peers, respected by all who worked with him, and the list goes on. I don't have the words to say how I will miss him. The greatest gift he gave to me was being my friend. I'll never forget Dan.

“ Dan you were like a brother to me for the last 30 years and it's hard to believe that you're gone. I miss so much and I don't think that it has fully sunken in yet. We had a good run together on the road which I will always remember. You helped me out more times than I can count. You were a good man and a good friend and I loved you like a brother. The world was a better place with you in it. Rest in peace and know that you're always in my heart.

“ I was only able to meet my uncle Dan once for a few day long visit in July of 2022. I can be shy and reserved but he cracked me right out of my shell and made me feel at home. He was such a funny guy, sometimes without knowing it. During my time there I learned about his passion for traveling, the birds he loved taking photographs of and the wildlife he cared about so dearly on him and auntie pam's property. Uncle Dan was such a cool guy and will forever be missed.

“ I knew Dan for over 20 years. We did three major projects together. His knowledge and expertise were unsurpassed. His generosity to others and to me were exceptional. I will miss touching base with Dan as I am sure many others will also. The world needs more people like Dan.

My sincere condolences to Pam and his family.
