“ Angela, I am a nurse who used to work with your beautiful Mom. I recently made a bracelet with some beads your Mother gave me many years ago. I would like to send you this bracelet. It is made with some tigers eye stones she had mixed in with some wood beads. I made it a few weeks before she passed and was thinking about her. Call it coincidence or intuition but in any case I feel she would want you to have this. My email is [susanpoccia@yahoo.com](mailto:susanpoccia@yahoo.com) my cell is 941 815 1034. I can send you a picture of the bracelet and mail it to you. Warm regards Susan Poccia

“ *Deborah Ann Davies...I did not know you, but your daughter is one of the best people ever to grace this planet of ours. She is loving and cool and kind and smart and artistic and hard-working and she has great taste in music. I have to think she got at least some of her awesomeness from you. You can rest in peace knowing she is here to carry on what you started.*
