

Domenick "Nick" Enzo Cover, MD

December 22, 2018

Domenick "Nick" Enzo Cover, MD, beloved Sarasota physician for over 35 years, passed away on December 22, 2018 surrounded by close friends and family. Born to Enzo and Rosalia Cover in Miami, Florida, Nick grew up spending his time as a child of the sun and sea on Key Biscayne Bay.

After earning his medical degree from Tulane University, Nick remained in New Orleans, Louisiana for his residency in Internal Medicine at Oschner Medical Center, before moving to Minnesota for a fellowship in Nephrology at Mayo Clinic. Following his fellowship, Nick returned to the sea in sunny Sarasota to begin his life-long passion for patient care and medicine.

Nick's approach to medicine was a reflection of his character. He was widely respected as a scholar, talented diagnostician, and patient advocate, but adored for the love, warmth and dignity he brought to his practice of medicine. He was a humble, supportive, approachable, and encouraging physician who strived to bring out the best of everyone he encountered. Most importantly, he believed in everyone's right to dignity in all aspects of life.

Nick is survived by his loving wife Teresa and three sons, Geoffrey (Marissa), Christopher, and Michael, parents, Enzo and Rosalia, and brother Michael (Angela), and niece and nephew Julianna and Dylan. Nick was a loving husband, caring father, and a friend to everyone.

The family will be holding a celebration of life ceremony on December 30th, please contact them for additional details.

In lieu of flowers, donations can be made to the Sarasota Memorial Foundation Nursing Education Fund, 1515 S. Osprey Avenue, Suite B-4, Sarasota, FL 34239.

“ *We are so saddened to here of Dr Covers passing!
We just heard about it today from Kathy..
Dr Cover was always so nice and friendly to us when my husband was a patient of his for almost 3 yrs!
We got to know him , and he made the visits so pleasant! We always had a laugh about something!
Our sincere condolences to the family!
I know he will be missed by many including us, but not forgotten!
Sarasota has lost one of its Best!!!

“ I have worked in health care as a nurse and social worker for over 40 years, and with Dr. Cover since he came to Sarasota. He truly was a superb physician, and an even better person. There isn't another physician who showed more dignity and respect for every person he encountered. I am so sorry for such an incredible loss.

“ Dr Cover had only been my Doctor for 6 months but from the first time I met him I felt there was something very special about him. I felt that I could totally trust his judgement and that his only motivation was my best interests. He also had a great sense of humour which I very much appreciated. What a terrible loss of such talent, care and kindness for our community.
My deepest sympathy to all who loved him and cared about him.

I was devastated to hear of the untimely passing of one of the finest physicians I have had the pleasure to work with. Domenick was a brilliant diagnostician who had no problem sharing his knowledge with others. He was very approachable and dependable and interested in his patients and in helping others. I was happy to hear that he won the "Lifetime Achievement Award" at Sarasota Memorial Hospital, since he deserved that, but I hoped he was not going to retire since he was one of the best clinicians we have had. I had no idea of his illness since he continued to work and take care of others until the end. He will be sadly missed and fondly remembered.

“ I am so sorry for your loss. I had the pleasure of working with Nick in the hospital for many years. He was so caring, kind, and so compassionate. He always truly listened to his patients and made them feel important and special. Because of his bedside manner, knowledge and skill, he was respected and loved by many. He was one of the best physicians I have ever known. My thoughts and prayers are with you all.

“ I am so very sorry for your loss of Dr. Cover. I met Dr. Cover with my husband in January 1990. He took care of him till the day he passed in 2010. I respected him as a doctor and friend to my husband. I only wished the funeral service was open to people that knew and loved him. I would of been there to show respect to a great man 💔

“ *My condolences to Dr. Cover's family. He was a wonderful doctor and it was such a pleasure to work with him over the course of many years at Sarasota Memorial. I am a cardiovascular intensive care nurse and Dr. Cover was so approachable and gracious in answering my "kidney" questions. He always took time to teach and I learned a great deal which helped me to take better care of our patients. He will be sorely missed.*

“ *Nick Cover was one of the brightest, most knowledgeable and most compassionate docs I've ever known. He has been caring for me since 2009.*

We enjoyed our visits because, as a retired physician, he felt that we could talk medicine in terms that we both understood. We also enjoyed talking travel. In 2009, he told me that I'd be on dialysis in five years. That still has not happened and is no closer now than it was then. His excellent advice undoubtedly helped! I will always be grateful and never forget this exceptional man.

“ *I had the privilege of working with Dr. Cover since 2004 at Sarasota Memorial in the ICU. He was the kindest, most gentle soul that I've ever worked with. Extremely sensitive to the needs of his patients and families. Always a kind word, never rattled, no matter how sick the patients were in the ICU. I did get a raised eyebrow from him once for the many pocket dials my phone was sending him :) . He will be greatly missed by his peers and patients. May he rest in peace. Prayers from Rick Call RN and Maureen Robertson RN*

“ I was deeply saddened by the news of Dr. Cover’s death.

He provided the most outstanding, most caring, most remarkable care for my Mother for over 25 years during which time I got to know and appreciate what a very special doctor he was.

My Mother believed that Dr. Cover saved her life when no other doctors could, and she and I were totally devoted to him.

To honor Dr. Cover, my Mother made a gift to the Nephrology Department to provide funds for the nurses to attend special educational programs that would enhance their skills and the skills of their colleagues. This was one of the many ways that Dr. Cover took care of not only his own patients and staff but those of the Department, as well.

Dr. Cover was wise, generous, kind, caring, smart, always up-to-date, and totally committed to the health and well-being of his patients.

I join all who will miss him immensely.

“ *I'd like to share my sincerest sorrow for your loss. I was a patient of Dr. Cover a year ago while in the hospital and had one follow-up visit with him last spring. Whoever penned his obituary said it perfectly...he was the kindest and most humble doctor I've ever encountered. A completely lovely man, who will be sorely missed by all who came in contact with him.*

So sorry for your loss. I'm saddened for the community's loss of an excellent physician. I was always pleased to speak with him about his patients at SMH ICU and Ridgelake. He usually hummed mission impossible theme at ridgelake.
