“ I will always remember the day you came to Marti's door with that big bass. You must have really caught the catch of your life such is the enthusiasm of youth. That was thirty years ago. Rest In Peace!

“ As a childhood friend of Don from Owego we shared some really fun times at a point in our lives that nothing was important other than just being a kid. Spending the day at the ravine was a pretty normal summertime event. I lost track of Don once his family moved away but thought about him often and missed him dearly. My condolences to his family, Don was a great guy.
