“ I will miss you so much. You were my 2nd mom. I loved talking to you, and listening to your life. You loved your family so and they loved you. I remember the night I came to pick you up for our ceramic class it started thundering so we decided to wait a little. We sat and talked and forgot about our class. By the time we realized it was to late , so we just talked more. I will always remember that night. I love you❤️
