“ A little over 20 years ago my wife and I were thinking about moving to Florida from California while visiting the Siesta Key beach when we were accosted by a friendly guy who introduced himself and wondered if we knew that Sarasota had a growing Senior Softball Association. We didn't but that made my mind up about where to settle, thanks to Fred. He played softball for many years and was always fun to talk to. He was a master of sports trivia and would easily stump us with his knowledge.
Thanks to Fred I have enjoyed 20 years playing softball and helping improve the association alongside many colleagues. After Fred developed a health issue that caused him retire from senior softball, the association created the Fred Frank award in his honor to be given to one member each year, acknowledging them for contributions to the improvement of the association. Fred will be missed by many senior softball players.
