“ Dr. Abernathy was a top doctor, always compassionate and interested in my mom and our family in every way. Making you feel like you were the most important person he has met. Loved his unique glasses and warm heart. Dr. Abernathy entered heaven along with my brother, Jeff on February 17th. We are in shock.

“ Doctor Abernathy was a wonderful and compassionate man, who showed a great deal of caring for my sister and I. He was a very Christian man and I had the greatest respect for him. I felt comfortable with his explanations of my diagnoses. He loved Halloween and his office was decorated beautifully when I arrived for my very first appointment. I always told him to bring the donuts and I would bring the coffee for my next Halloween appointment. I was shocked to learn of his passing and my deepest sympathy and prayers are extended to his family and Pam.

“ I will miss the conversations with George. Everytime I was with my brother in law, he was joking and laughing. One moment he would be serious and the next sentence would be something to make you laugh.

“ Uncle George was always the guy that saw the positive side of everything. He was the one that always lit up the room when he walked in. Although we didn't see each other often, when I spoke with him about four weeks before he passed, it was like we never missed a beat. He brought so much to the world and helped so many. You will be missed Uncle George.

“ Uncle George was always willing to help when I called. I will not forget his Hawaiian shirts, his guidance and help with Toni's surgery. I have the football coins on display that he gave me when I went out for the Auburn team. Thank you uncle George for your support. You will always be remembered.

“ George was a wonderful brother. I was younger by 18 months and we favored each other in looks. I used to get him in the movies for free by claiming he was my twin brother until I got too old. We have been close these last few years and when we talked he always said, " don't sweat the small stuff". It always cheered me up when I needed it. Love you dear brother. You will be missed greatly.

*“ Pam, Steve and kids, I’m so sorry for your loss. Dr Abernathy was one of a kind!!  
I enjoyed working with him, I learned a lot, and we had fun. Especially on Halloween, his birthday / Halloween was so fun, just like being a kid again. His patients adored him.  
I remember asking him if he was planning on retiring and his response was “No, my work is my passion, I will never quit.”
