“ I met Greg when I needed a friend the most. Greg and I were in the same 7th grade homeroom. We became best friends we were by each other's side till after highschool. I honestly don't know how I would have made it through 7th grade without him. We played football together, played the tuba together and I even stayed at his house more than my own. I have so many great memories of Greg and I wish I could make more with him.
