“ We want to thanks everyone who came to Noel's celebration of lifieservice on Friday, Your being there to help us celebrate Noel's life meant so much to us, the family and Noel. We also want to thank those who were not able to attend but reached out to send their sympathy, we are grateful.

We want to acknowledge the family members and friends who spoke at the service, with very kind words and stories about Noel from over the years. Noel's brothers Jesse Martin, Bob Martin, niece Allison Martin, my sister Jeanine Brakefield, lifelong friend Debbie Lockwood and Billy Kinsell.

I will be posting dates and information about the Eternal Reefs Living Legacy program that Noel will be participating in. Noel had a great desire to have her remains make a meaningful contribution to future generations and to help the planet.

I was so lucky to have Noel in my life for 50 plus years. She will always be in my heart.

“ We knew her prognosis was dire, so when “Mom” answered the work phone I was shocked to hear her calm, polite voice. She was always professional with a nice family touch that put me at ease. I called her mom and she never corrected me. So glad she is at peace!
