“ *Phil, I'm so sorry to hear about the loss of Jean. I was her massage therapist for many many years. I loved her dearly and we shared many a tale. We laughed through every hour she spent on my table and even though I've been retired for years, we've stayed in touch. I will miss her dearly.*

“ *We were so very surprised and saddened to hear of Jean's passing.*

We met Jean & Phil when they hired us to remodel their home but they became more than clients.

Jean was so engaging and we loved our many conversations with her regarding all sorts of things, and our many laughs.

Phil, we pray that you surround yourself with support and love. You are in our thoughts and prayers.

“ *My deepest condolences to Phil Roeder and family. She was my 3rd grade teacher at St Mary's school for the deaf in Buffalo Ny. Jean was a very kind and warm person with big heart. I remembered spending some nights at her house. I remembered many laughters over hiding Phils favorite peanut butter cookies in the freezer. She will be sorely miss by many students and friends.*

“ Dear Phil and family, I was so saddened to hear about Mrs. Jean Roeder passing. I hope and pray that you will have strength during this time of loss. Jean was one of my favorite SMSD people. She was my 3 grade teacher in 1977. She made my class so fun and interesting. She taught me many things about our life and the World. I hate and did not do math homework at home everyday. So she called my mom to make sure that I did my math homework everyday. My parents loved her. She invited me and my old classmates to sleep over at her house. I felt so special and honored to visit and sleep over her house. She shared her idea with us about our play. The play's title was Mary Tyler Moore. She did watch the TV show, Mary Tyler Moore and wrote a great script for us. And she wrote the casting about our play, etc. They sent us an autographed picture and letter. They were delighted that we were going to do the play like them. It was fun! Also, she coordinated a SMSD students' sign and song group which I was part of. I remembered two songs in signed language. One is God Bless America. One is Sunshine on my shoulder make me happy. I enjoyed joining and doing it. :-)

Jean wrote me a sympathy card when my mom passed away: "she couldn't wait to see what my mom's hair color was every time she visited SMSD for Parent day!" I laughed

When she was a Parent Center Coordinator, she invited me to meet one parent who was nervous and resistance about learning American Sign Language (ASL). I explained to one parent about why ASL is so important to children. She started to realize how important it is and learn ASL in early 1990s. I realized that I was honored to be invited by her to meet one parent. I had so much respect for her. We kept in touch once in a while. I will miss her. I will never forget her. Love, Peter
