“ June's father, Karl worked for my great uncle Don. Although I didn't see June often, she lived with her parents in Peterborough, Ontario Canada. At that time I was at the university. We became friends. She was a warm and supportive person. We could enjoy each others company after years apart.

“ June Carol was the sunshine that brought so much happiness to Karl and Martha. I did not know June Carol all that well, but she was an admirable lady. I loved her paintings. It is awesome that she found her son and got to enjoy that relationship.

Regards to all the family. Dick Patrick, Skiatook, OK
