

Leigh Ann Burch

April 28, 2021

On April 28th, 2021 Leigh Ann Burch passed away peacefully. She was one of six children born in upstate New York to Leon Nolan & Gayle Trumbull. She was preceded in death by her husband Paul.

Leigh & Paul met like a scene from a movie, randomly seated next to each other on a flight. She was a sailor (U.S. Navy) & he was a Jarhead. Both were headed to Mardi Gras. They talked the whole flight but went their separate ways. In the midst of the crowds, fate somehow brought them together again. From that point on they never left each other's side. They were married for over 30 years.

When they met, Leigh was 25 and had a young son named Jason. Paul had three young kids, Ronnie, Nick & Amy. Both welcomed the children with open arms & hearts. This love allowed the kids to view each other as a true family. Years later the family was blessed with the arrival of the youngest brother Paul Elliott.

Their family bond that remains today and extends to all the aunts, uncles, nieces & nephews.

Leigh was tenacious & skilled in business. She & Paul ran multiple successful companies. They were involved in local politics in Maryland and after many

years they eventually retired to Sarasota, FL. She was a member of the Order of the Eastern Star and a liver transplant survivor.

She is survived by her older brothers Skip, Doug & Greg Nolan and her two younger sisters Linda & Lisa. Also, her children: Jason McPike, Nick Burch, Amy Bloomfield & Paul Elliot Burch. “ Leigh shared a wonderful vacation with our family to St. Kitts and Nevis. Going to explore the islands with her and Paul and the rest of us will always bring a smile to our hearts. She was so friendly and loving to all of us, especially our son Nick who will always consider her to be his second mom. She will be dearly missed.

“ Leigh and Paul Burch, as well as myself,, were in the Bail Bonding business and at different times I partnered with them.. Leigh was the astute business woman, and both she and Paul believed in family and made effort to remind us that our mission was not to destroy family, but to help, as much as we could. She and Paul conducted the business with ethics. When she discovered a change in business that could help, she made certain that our entire group become aware When my father was ill and not many visitors, . Leigh made a special effort to come with me for a visit. It really made a difference. Leigh did what she did not have to do, which made her a great person. She was about love.
