“ *My sincere condolences to the family.  
So many memories, will share a few. Met Linda when Union Co. sponsored a Preservation event. Her amazing work in prep for & during the Washington Inaugural Bicentennial. Her arguments before the Elizabeth Zoning Board which prevented a parking lot from interfering with an historic structure. Her cataloguing the museum collection for & preparing report on how to interpret the 1st Presbyterian Church.  
Lighter memories: the 3 grandchildren & my neighbor girl greeting & presenting flowers to "George Washington" at Boxwood Hall. (Do They remember?) Getting VERY silly at some meeting & all of us laughing so hard, we were in tears.  
Linda was a wonderful person & very committed to the history/historic preservation community. She helped to open the door for all of us at historic sites to begin to work together. Thanks, Linda & rest easy.*
