Tribute Wall

“ I have such fond memories of all of us “Valley” kids hanging out. Riding four wheelers, motorcycles and always playing together going from house to house. I will always remember his smile and the fun times as kids. Rest easy my friend. My love and prayers to Mark’s family.

I will always remember the fun days I had, all the football games, riding bikes, and just hanging out with friends. Mark was one of my best friends growing up as kids, and he will never be forgotten and always be in my heart! My deepest sympathy to his family and friends, he will always be missed. Rest easy my friend!
