“ *Marlene was such a kind and loving soul and I remember her wonderful energy every-time I saw her which I tried to do once a year. When I first met Marlene in the 80's while working for Dan, she and Dan took me for dinner for my birthday. I remember her amazing interest when first meeting me but mostly my memory goes to her sitting next to Dan at dinner and holding his hand. Seeing such love in action was truly a blessing for me to see. I have loved her since as well as Dan over the past 30 some years. That love extended to her family of three boys, the hospital she worked at, and the support she gave Dan all these past years. She is resting in the hands of God and welcomed by those who have gone before her. I will truly miss her.*

“ We have known Marlene and her husband, Dan, for about 12 years. They were instrumental in helping us as we became "snowbirds". At all times they were helpful and always friendly. We enjoyed their company and wisdom. Marlene was always gracious and enjoyable. We will miss her and our winter home will be lonely without her.

“*Marlene (Molly) is a dear MGH classmate of mine. We met as first year students when we were assigned seats alphabetically. in the classrooms. "G" (Groetz) sat beside "H" (Hubley). Our friendship lasted through three years of school and another year as roommates on Beacon Hill (Boston). Every morning she rose early to attend Mass before classes or work in the hospital. She was beautiful of mind and body - straight arrow, independent, very intelligent and reliable.*

I have fond memories of a visit to her parents' NH summer home for a week during a nursing school vacation. Her beloved grandfather cooked and cleaned for us so we could enjoy our leisure in the woods. It was a gift of love from him to his granddaughter.

Her adventuresome decision to move to CA and meet Dan Lester brought an end to our shared nursing time together. We continued to correspond during the remaining 56 years. Her friendship is an everlasting gift.

You have earned your peace, Molly
