“ *I worked with Mary for decades, I counted her as a kind, generous friend.*

Mary was a great supervisor to put with the new scared people. They were nervous and unsure and she was patient and made them feel better for making small learning errors.

I never ever met a person that didn't like/love Mary Casinelli. The world lost a living angel, and as she slipped the bonds of this earth...my heart knows she got the fast pass to our Heavenly Father and now is holding hands with her love Louie.

Rest In Peace. Save me a place near your table. We can have biscotti and just maybe a little wine. I wish I had known you passed because Collette, Louie, Eleanor...I would have been there. I have big wet tears plopping on my new keyboard.

Mary, please let my prayers for you be heard. Please know I've had some issues of my own medically. You are what every Mama and friend should strive to be.

Love,

Your adoring friend Kathleen Goodwin

“ *My sincere condolences to the Cassinelli
family. Mary was a very good friend to my
mother when we all lived in Clairton, PA. I
have fond memories of the time we spent
together many years ago.*
