“ I knew Mike for more than 30 years and he will be missed. He was always a student-oriented professor who cared deeply about the success of his many students. It will be difficult for the profession to find a more caring, conscientious and friendly professor. Rest in peace my friend.

“ Donna,
I was shocked and saddened to hear of Mike's passing because he sounded energetic when I had a phone meeting with him on Dec. 20. The last work-related email I received from him was on Dec. 24. Mike has been working diligently for Penn State University for 15 years, even during the last week of his life. I appreciate all the advice he gave me in the past and will miss him forever. Yang

“ Dr. McGinnis.. where to begin. You were an INCREDIBLE teacher, mentor and just all around a loving human being. I've never met someone who was so involved with his students and cared about them and their well-being. What a selfless, kind, gentle soul. He's the only reason I enjoyed logistics. He was an amazing mentor and advisor and made sure my 4 years at Penn State New Kensington went as smoothly as college can go. I will never forget the hug he gave me at graduation, ever. Thank you, Dr. McGinnis, for everything. You are truly missed. I hope you keep cracking those corny jokes up there, we will sure need them down here. Class of 2013.
