“ *Michael was more than my cousin, he was like my second little brother. and Chris will understand that, because I know he feels the same. Chris, Mike & I spent countless hours together always trying to out do each other.*

Monkey see monkey do. I will miss trying to mess up his perfect hair. And hearing him say "Michelle don't mess up my hair" I will Love You till the end of my days.

He had an infectious attitude towards life. And it showed in everything he did, and in everything he was. He will be missed by everyone that ever met him. But especially by those who loved him. My love goes out to all of our family down in Florida.. I will be sending my love & strength to you all. Our memories of Michael will last forever and a day...

“ *Most of my memories of Michael are from when I was very little. I was pretty sure he was just like Evel Knievel. Whether he was or not, his enthusiasm for life left an impression. It's not surprising that he left an impression on so many other people while he was here. We're all lucky to have been a part of his life. My condolences to his beautiful family and all his friends.*
