“ *I met Michele when I was a little girl. She instantly became family to our whole family. When I was a teenager, she introduced me to essential oils. I learned how amazing they are. Me and Michele had a wonderful friendship where we would go to lunch or on long walks and talk about life. She taught me as a new mom how to help my babies with stomach issues naturally. Also she helped me boys with growing pains, she helped with recovering from surgeries, helped my mother and grandmother. She was a natural healer and I am humbled to know her. We always knew Michele was around when we smelled essential oils. Michele you are missed, loved and will never be forgotten.*

“ About 20 years ago I had a lot of back pain and I couldn't stand up straight. Michelle gave me many massages and helped relieve my pain without any compensation. She was glad to use her gifts to help me. She also served my mother when she was dying of cancer by using her oils to keep her out of pain so that she wouldn't have to take narcotics that would dull her senses. Mother relied on her and was grateful for her service. Michelle was a faithful member of the Church of Jesus Christ of Latter-day Saints. She loved her children and grand children and moved to Florida to be with them. I am grateful for Michelle and it is hard to believe she is gone. She has been reunited with loved ones on the other side and she will never forget her children and will continue to pray for them as she always has in the past.
