“ Looks, I truly am saddened by finding this obit for you I have been trying to get in touch with you for many years and was unable to find you until tonight. I have many memories hanging at your house. Uncle Les would bring me over to ride Debbie's horse I believe his name was Buckwheat. I could be wrong though. I played many a checked games with Vic he was always teaching me the strategy of the game. I have never forgot the bed you had for your two dogs the Weiner dogs. Can't remember their names but they slept in the cutest bunk bed. I am very sad right now the last time we spoke was when my mom passed I. 99. God bless you Vic and Deb. How are things with you Deb? You were always my favorite cousin . A lil bit older and you were so beautiful. I admired you as a child. Love you all Kimmy T. Hoag Votava. Rest in Peace .
