“ Dear Margaret, We don't know each other but Nick was our neighbor when I was a kid and a very special person throughout my entire life. I am happy to hear that he found you in his final days, I was always so worried about him being alone. Nick meant the absolute world to my family and I. I can't even begin to recount the memories, from when I was tiny and believed the word “Abracadabra” actually opened a garage door, to years of entire days spent at the pool, until today where I credit him for my successful career in the IT world. Nick was one of the most special people in my life. I will love him to the day I die. I am sorry for your loss. Love, Michelle Cook Kuehn Michelle.kuehn@emc.com

“ Dear Margaret, Dick and I send you our love and friendship at this very difficult and emotional time with the loss of your love Nick. Nick was a wonderful man and a great photographer who enjoyed his many southern birds, sunsets, and sco sa me his playful cat for many years. A better friend you could not find; always there with love and good advice. Our many dinners together at my table, in restaurants and visits at each other's homes are memories we will always treasure. Nick was the only man I would let in my kitchen; he always knew where he could help and how to clear the table. He always opened his home to us when we would visit PA and our home was always opened to them when they visited FL before moving to Sarasota. He was a "gem" of a friend to everyone who had the pleasure to call him "friend". Nick was gone too soon but will be remembered forever. Thanks to him we now have the lovely Margaret in our lives. Peace and love, Cathy and Dick Gilmartin
