“Wow. I didn't know he had passed. I was just googling him to see how things were going with him. This hit me like a ton of bricks.

I met Pat at one of the Profit Day events in early 2000. I drove all the way from Atlanta to Charlotte to be there. Mister Sparky is an industry legend in Atlanta. I was surprised when I got there to actually meet the founder, Mister Sparky himself: Pat Kennedy.

He took a special interest in me because I was working in Atlanta at the time too. He spoke to me in private and told me he would open the Atlanta territory to me, which was closed to others at the time, if I was interested in joining ESI.

He shared so much free info in that meeting alone that I went home and made a mint off of just that knowledge alone. I've never forgotten that meeting. He was genuinely a good guy.

I was hoping I'd hear that Irish accent of his one more time in the near future. And I believe I will: just not on this side of eternity. I'm saddened to know of his passing, but please know he has changed so many lives; mine being one of them. He is a giant among men. I'll never forget him.

God bless him and his family.

We were just looking at the pictures of the first Mr. Sparky wrapped truck with Lacey on it when Pat brought it to the house to show us, such great memories. Rest in peace Pat!

Patrick, I remember the second day I was at work with the original Mister Sparky, you came down to introduce yourself, you already knew all about my family, ask me how they were and a few general questions. You always took time to make all us feel important and needed, these are great qualities for a Man to have. You were a very generous Man as well, always giving back. Will miss you greatly!
