“ *What can we say? We have lost a great, great friend, who changed the course of our lives when he got us together for a blind date in January of 1954! Since then, we have shared many fun events, probably the Drake Relays being the most frequent. We will miss Paul greatly--he was a #1 unique human being. With love to the entire Sisson family with whom we have shared many meaningful episodes! Jim Young, West High 1954; Virginia Hudson Young, East High 1954*

“ *For many years Paul was a main stay in his designated seat @ Aromas Coffee Charles City Iowa. He was a great customer and even better a friend. I enjoyed helping him daily with his technology... "Paul, open the app and push this button or that button that's all there is to it." He said he understood only to ask the same question the next day.*
But when it came to real advice he always had the answer.
