“ I have spent the past couple days trying to write something here and have my words fail me. I've called Ray a friend for about 25 years now and have spent the past week just sad with this news. Ray was a great friend and I will miss him greatly. To his family I am so sorry for your loss.

“ You are one of the best people I ever had the chance to work with. I am blessed that you were also my friend, that you introduced me to Diana, and that our children enjoyed hanging out. You will be missed by all who knew you.

“ *Diana, Ricky, and family,*

So sorry for your loss and know you're in our thoughts and prayers.

I first met Ray in the mid 90's working at IBM and really got to know him well playing basketball with him on our IBM team. It was always nice to drive to the basket and have a big guy like Ray to pass off to when I got in trouble. He was always a gentle giant. He played hard, but was always friendly. I know he helped me keep my competitive emotions in check which helped me grow as a person (Thanks Ray).

It's hard to imagine our fantasy football league without Ray. Who else is going to take all those Bears players now? Ray was always quick-witted and funny when talking about his Bears.

We've all lost a great person who left this world far too early.
