

Ross John McMullen

February 4, 1929 - November 17, 2016

Ross John McMullen, born February 4th 1929 in Weston, Ontario, passed away very unexpectedly on November 17th 2016 in Orlando, Florida.

Ross leaves behind his soulmate, the effervescent Judy (Warren), who has fulfilled his life for the past 36 years. A wonderful, always busy mother and grandmother to all.

Together, Ross and Judy shared many activities including cycling, reading, coffee shop every morning (except Christmas Day!), cards, golf at Weston Golf Club in Toronto and The Oaks in Sarasota where his Mon/Fri men's group ruled his winter roost.

In their early years, Ross and Judy downhill skied all over the world and danced well past midnight. Together, they recently started enjoying croquet and bocce ball with all their friends in Sarasota.

Ross leaves behind his five children, Rick, Coral, Michelle, Leslie and Dana; his eight grandchildren, Ricky, Robbie, Ryan, Jessica, James, Derick, Taylor and Connor; as well as three great grandchildren with one more on the way. His grandchildren were his 2nd chance in life to spend as much time as possible with, and he will be very sadly missed by all!

Ross' always keen interest in construction and design lead to his operating his own company in project management and general contracting. He enjoyed working on projects like June Callwoods "Nellies" for Battered Women and "Jessies" for Pregnant Teenagers. Ross was a member of the Young Men's Canadian Club, Vice Chairman of the Etobicoke Olympian Complex from its inception in 1975, and he also served as President of the Canadian Cancer Society in Rexdale.

In the last 25 years, Ross operated Centennial Park Mini Indy in Etobicoke, which he designed and constructed, and it consumed much of his time even after the age of 80. Ross was passionate in everything he did in life, he was a man of honour and love which is proven by all that will miss him greatly each and every day!
