“ I can't believe only now, 7 years later, I'm getting clarification that Shanna has crossed over. I've felt like I was receiving messages from Shanna the last few years but everyone I know who would also know, has either passed on as well or very far from my orbit. Shanna was a queen of queens! She had that tough school marm exterior but her heart and soul were top shelf. I'm so very blessed to have learned from and sat in Circle with Shanna for the time we were given together. My condolences to her family, she was much loved.

“ Shanna, I've been thinking a lot about you this week. Random memories have popped into my head; clearly, I got the message. This morning I went on-line to find your address and found this instead. Though we haven't been in touch over the last few years, I've thought of you often. A bright light in my life when I needed one, your encouragement and support helped me find "my voice." I am forever grateful and cherish the time we spent together in Lily Dale.

John - I remember her unabashed joy when she told me about you. She was absolutely gleeful and when I met you, I understood why. Hanne, Matt - she was always talking about you and how proud she was of the wonderful adults you'd become.

I think this is a message for you all: She's the gentle breeze that brushes your cheek, and the loving voice in your head you can't deny.
