“ Sue and I were friends since kindergarten at St. Paul Lutheran school. We spent many great times together as children. I stayed with her in FL. when I came back from a 6 month backpacking trip in Central and South America. She was such a beautiful person. I'm so sorry we lost contact. All my love to her family.

“ This news saddens my heart ❤️. I worked with Sue at the County and we bowled together at Sarasota Lanes. She was the kindest sweetest person I had the privilege of knowing. Always had a smile on her face. She will be missed! The heavens have gained a beautiful soul. My thoughts and prayers are with her family

“ Reading the obituaries looking for my friend's father, I saw Sue's obituary. I'm in shock. Sitting here crying. I ride by her house everyday and everytime I do, I think one of these days I'm going to stop by and say hi. Apparently I haven't seen her since 2010 because she told me she was going to retire soon. I'm so upset with myself that I didn't stop by to say hi. We were best friends our first year (10th grade) at SHS. We talked a lot on the phone and wrote crazy notes to each other. Sue came up with an idea to see who could write the longest note after one week. I wrote about 50 pages to Sue. I mentioned everything I did so mine would be the longest. Ha! Sue won. She wrote her note to me on long adding machine paper. The little stinker! Very clever. We laughed many times over that. Strange thing, I was thinking about Sue this morning because someone on TV mentioned an old, favorite song of mine and Sue loved it after she heard my record. "Tie me kangaroo down sport." I had the 45, we were 16, and Sue asked me if she could borrow it. A couple of months later she gave it back and apologized that she broke it. I was going to look for it online today, but got too busy. I'm going to look for it right now because to have it after Sue's passing will make that record even more special. I'm sorry this is so long, but I had to share. Sending lots of hugs and love to Kemper, Jim, and all the other family members.

“ Amazing what you don't know about someone you've been acquainted with for decades. Girl Scout leader? I never knew that. I knew she was exceedingly creative and talented. I knew she was one of those you-can-count-on-me folks at Sarasota County. I knew she loved bowling. I knew she was kind and always said "yes" when Ray asked if he could put his campaign sign in her front yard. I know that I'll miss her good nature at our monthly Sarasota County employee and retirees lunch meetings. Rest in peace, Sue. You'll be missed

“ I had worked with Sue for many years. She had such a positive outlook on things in her life. When you around Sue you always had a good time. We shared many laughs working on United Way projects for the County and her dedication to bowling and the County Mixed League were honorary. Sue will certainly be missed. Wishing her family condolences and healing.

“ To say that Sue was an inspiration would be an understatement. Her passion for Girl Scouting was known to all, and the impact she had on the lives of girls in her troop can never be measured. She will be missed by so many, but the mark she left on the world is indelible.
