

## Susie Glasser

April 4, 2017

On April 4th 2017, Susie Glasser passed peacefully at home in her sleep while in Bradenton Fl. .

At the ripe young age of 90 our mother had a full and active life. Born in Lawrence County, Illinois she moved to Miami where she met her first husband, our Dad Robert Sprintz. Loving the life Miami had to offer in the early 1940's she worked hard and modeled in her spare time, along with appearing in a few movie roll's as well as (The Beach Comber, TV series). She also volunteered as a Pink lady at the Orange Memorial Hospital and wrote letters to soldiers overseas during WWII to let them know people back home cared about what they were doing for our country.

They eventually moved to Orlando, FL. where she worded along with our father at their high-end woman's clothing stores as well as a buyer for Jordan Marsh department stores and eventually where she had 3 children Gregg, Terri and Glenn who all reside locally in Sarasota and Bradenton, FL.. After a divorce in the early 1960's she eventually met the love of her life, James W. Glasser (aka Jimmy) our dad and moved to Longboat Key. A true lover of everything water she loved to boat, fish, golf, walk the beach but most of all shelling and spend time with friends and family. After years living on Longboat she moved back to Illinois for several years then missing the sun and warmth and family she moved back to Bradenton where she lived the balance of her

life. Susie leaves behind her sister Wanda who just turned 100 and her 3 children, grand children and great grand children. Her wishes were not to have a formal service are being honored as her final desire was for her family to go to her favorite restaurant The Columbia on St. Armand's Circle and set a place for her to order her favorite dish Pompano en Papillot and a glass of Chardonnay wine. The family will celebrate her life among themselves as well as close friends per her wishes at a time yet to be announced. We will always hold her in our heart and miss her forever. We love you.
