“ Just found this page and want to share many happy memories of Tom and Linda who I loved dearly. We met in Belgium when my father, Toby Westoby who passed away September 2018, shared an office with Tom. As my parents were divorced I got to go on some official trips to Germany, Washington DC and London - Linda was a constant companion on these trips. After they retired to Florida I would visit regularly and even spent some months with them as part of my trip around the world. I remember picking up the Christmas tree and unwrapping it to find it full of snow! With Chris, they introduced me to American football and I still check from the UK how the Steelers and Green Bay are doing. Tom was incredibly patient and kind helping me plan my onward journey. My thoughts go out to their families and I will crack open a beer and have shrimp on January 20th in his memory. Lots of love from Caroline Poll, West Marden, England. My only regret is they never got to meet my husband Jeremy and daughter Georgina.xx

“ So sorry to hear of Tom's passing and I thank him for his service to our country, He was devoted to his wife and were lovely neighbors. He can now be in his wife's company for eternity. Fondly, Barbara Palumbo

Barbara Palumbo - January 25, 2019 at 02:08 PM

“ We first met Tom and Linda when we were stationed in Belgium. We have many wonderful memories from that adventure. We continued our friendship when they retired to Anna Maria Island and we retired to Naples. We've had a chance to visit Tom on a couple occasions in this last year. Tom and Linda were a wonderful, generous, loving couple. They are together once again. Our thoughts and prayers are with their families.
