“ I knew Tim way back when we were both small children. I also lived in Black River and we had a couple mutual friends. We lost touch for many years and then met back up at Canton college. We were in the same curriculum and had some of the same classes. It was a relief for both of us because we knew very few people. I will always remember his smile and how he could make anything funny. My love to the family. The world has definately lost an amazing human.

“ Tim and his older brother Todd were fixtures at the Strife household during the 1980's and 1990's, and as per his obituary, I will always remember his warm smile. I was also happy to see that his love for playing baseball as a younger person was mentioned, because that was certainly true. Tim was a really nice guy and I wish his family comfort during this difficult time.

“ Timmy was like a brother to me when we worked together up in DC. I have so many great memories and we shared a lot of laughs and more than our share of beers !! He introduced this hard headed metal head to Jimmy Buffett and I have always thought of him every time I've heard a song. He truly was one of kind and although we only spoke a few times over the last couple years, I will always hold our friendship close to my heart. I was shocked and saddened when I heard the news and want to extend my condolences to all of Tim's family. Timmy I will see you on the other side my friend !!
