“ I am a neighbor that lives down the road from where Wymon lived. I did not know the Ledlows well but will say that many of us that lived on the street were always happy to see Wymon sitting in the garage always waving to us as we drove by. How many times he waved and how many times I honked and smiled as I drove by I do not know!!!! What a nice man. I had taken potatoes and tomatoes over to them on occasion. Always chatted sometimes when I rode my bike by his house. Just found out he had passed. My neighbors and I had been questioning his absence from the house. He certainly was a bright spot on our street and we always looked forward to him being outside waving and smiling to us as we all drove down the street. It makes me sad to know he has passed but I sure appreciate his presence in my neighborhood for so many years. Thank you Wymon for being that light that always shown so brightly on my way back home! I can only imagine how much you were loved and how much you will be missed by the many people that loved you and also by all the people whose lives you touched in simple ways you did not know!
